

## **13-September-2019, Cologne Germany**

The Board Excellence team were deeply honoured to deliver a corporate governance and board best practices workshop to nominee directors from a number of Development Finance Institutions (DFI) and Impact Investment Funds including DEG/KFW (Germany), IFU (Denmark) and Triodos (Netherlands). We were genuinely humbled to see the outstanding commitment and passion of the nominee directors to add major value and excel on the boards of their investee companies in developing countries all across the globe. Our sincere thanks to Veronika Seibt (DEG) for hosting us at the DEG/KFW office in Cologne, Germany and the wonderful support from Veronika, Felicie Ameschoot (FMO), Erik Wessells (DEG) and Jasper Veel (FMO) for their support in developing the workshop programme.
